

RNR 2062: Ducks Unlimited Ecology Conservation & Management Certification

LSU Dual Enrollment Program for RNR 2062

Course Description:

The iCEV online curriculum platform offers a variety of preparatory content and resources designed to prepare individuals to earn the Ducks Unlimited Ecology Conservation & Management certification. This certification verifies that individuals have obtained exceptional knowledge and skills in the areas of ecological principle and wildlife management, as well as habitat, forest, grassland, wetland and waterfowl conservation and management. The objective of the class is to teach students these principles in an in-person forum, facilitating expanded explanations and interactions, enabling students to pass the certification exam.

Credit Graduating Institution:

Louisiana State University and A&M

Course/Unit Credit:

2 credit hours, 1 Carnegie Unit

Student Demographic:

10th-12th High School Students

High School Course Code:

312090 Louisiana Wetlands

Primary Online Content Source:

iCEV online curriculum platform/ Ducks Unlimited Ecology Conversation & Management Certification (IBC)
