

Special Initiative Research Travel Support

The College has launched the Research Cluster Initiative (RCI) and has designated a pool of funds to support faculty in attending key planning workshops and visiting sponsors on behalf of the College in preparation for developing large collaborative proposals. To expedite the request process, it is recommended that the interested faculty member coordinate with their department chair, and Bonnie Pendergraft or Rick Koubek in preparation. Following that conversation, an approval decision will be provided within 72 hours of submitting this request. For tracking purposes, we ask for the following information.
